

ExpoTrac Registration Services - Security Policy

Your payment information is encrypted using the latest available encryption technology, and is processed via the events merchant account. All payment information will remain secure and encrypted following the latest CISP/PCI compliance standards in the merchant account payment gateway, and at no time is complete payment data stored on ExpoTrac Registration Services servers. Payment data will only be provided in a summary form to the event organizer to provide for reconciliation of deposits.

Please submit any questions regarding our policy to ExpoTrac Registration Services, Security Compliance Director, 1296 Park East Drive, Woonsocket, RI 02895 or email security@expotrac.com.
